## Board of Directors

The (ISC)<sup>2</sup> Board of Directors is comprised of information security professionals from around the world representing academia, private organizations and government agencies. All volunteers and (ISC)<sup>2</sup>-certified, the Board provides governance and oversight for the organization, grants certifications to qualifying candidates and enforces adherence to the (ISC)<sup>2</sup> Code of Ethics.

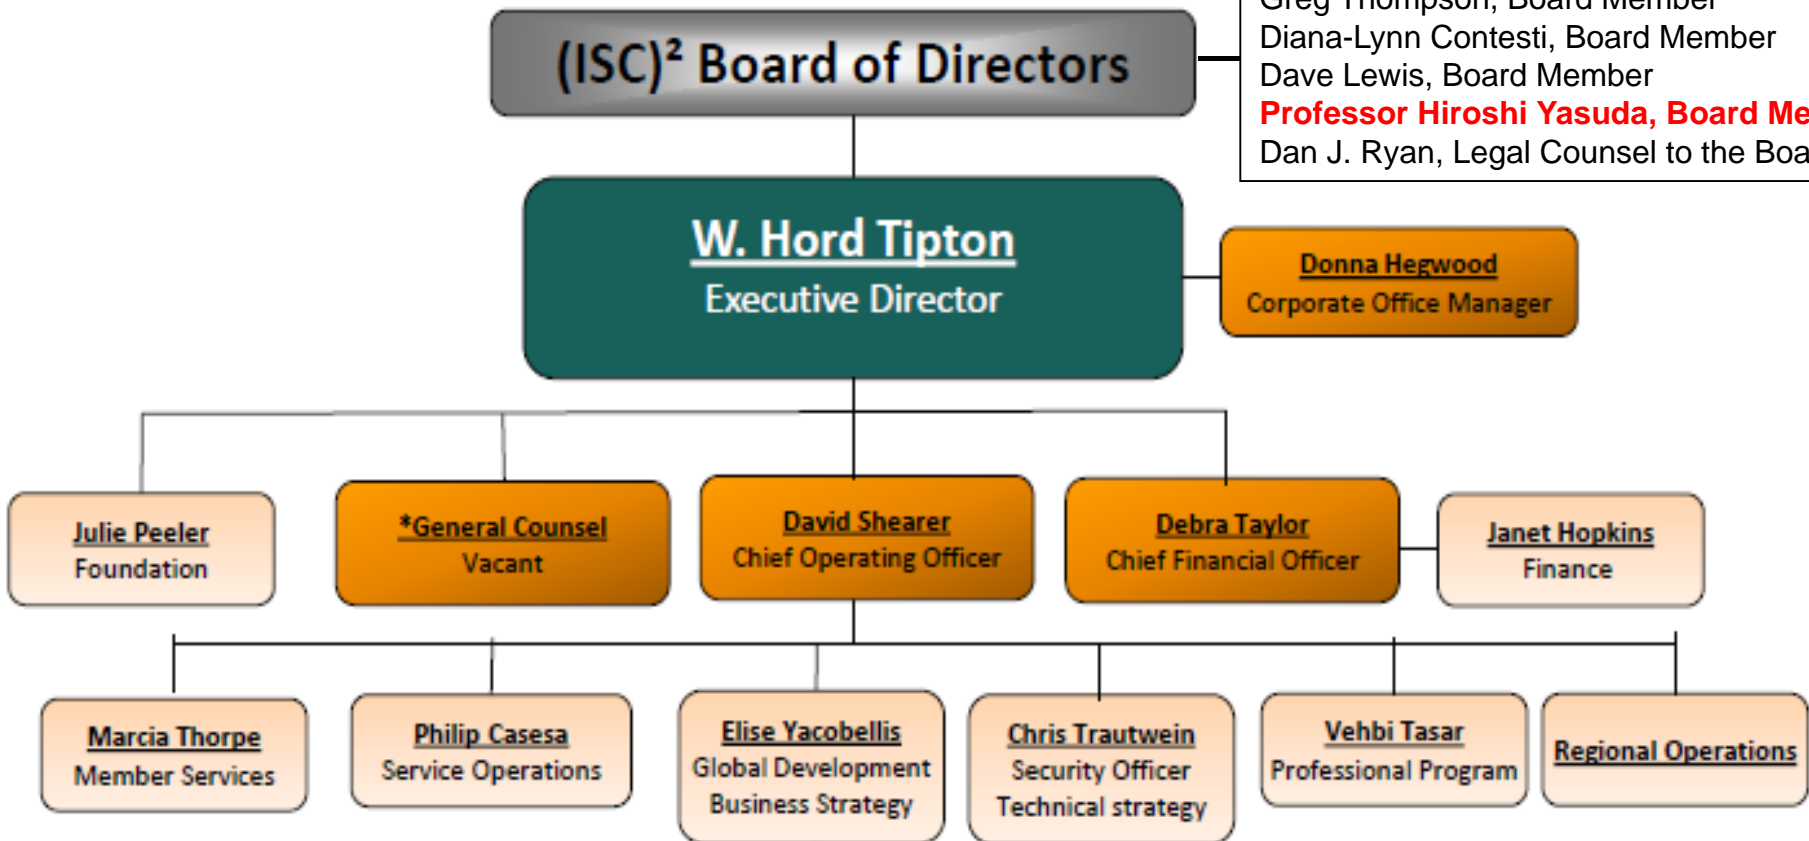

Prof. Hiroshi Yasuda, Dr.E, CISSP (Japan)

Prof. Yasuda received the B.E., M.E. and Dr.E. from the University of Tokyo, Japan in 1967, 1969, and 1972 respectively. Then, he had joined the Electrical Communication Laboratories of NTT in 1972. After served twenty-five years (1972-1997), with the last position of Vice President, Director of NTT Information and Communication Systems Laboratories at Yokosuka, he left NTT and has joined The University of Tokyo. He acted Director of The Center for Collaborative Research (CCR) for 2 years (2003-2005), and he is now a professor in Tokyo Denki University. His study area is applied information technology. He has been involved in works on Video Coding, Image Processing, Tele-presence, B-ISDN Network and Services, Internet and Computer Communication Applications. Now he has started researches on DRM (Digital Rights Management), Network Security and "Kansei" (more human) communication. He is now advocating collaboration between Industries and Academia.

# Congratulatory Message from Executive Director, (ISC)2

## Greeting

April 26th, 2013

W. Hord Tipton

Executive Director, (ISC)2

I wish I could be here with you.

My happiest times with (ISC)2 are the times I get to spend with our membership. I am confident the passion and loyalty of the Japanese Chapter Members will be a credit not only to (ISC)2 and their personal development, but to the application of IT security to the Japanese people.

Our chapters are extremely important.
